BOAT SALES

LAKELAND LEISURE ESTATES

Description

Step aboard Eagle, a beautifully crafted 70ft traditional narrowboat, perfect for those seeking a unique and comfortable home on the water. Built in 2009, this boat offers a spacious and thoughtfully designed layout, making it ideal for both families and cruising enthusiasts. The large, open well deck provides a versatile outdoor space that can serve as an extra living area, perfect for relaxing on warm summer evenings or hosting a cosy get-together under the stars. The addition of solar panels ensures you're energy-efficient and self-sufficient, while the two wood-burning stoves offer plenty of warmth and ambiance during those crisp, cooler days on the canal.

The galley on Eagle is designed to be both functional and elegant, featuring a 12V Swan fridge to keep your provisions cool, alongside a freestanding full-size gas oven and hob for all your cooking needs. The addition of a Candy 1200 spin washing machine makes onboard laundry a breeze. A sleek ceramic sink with stylish taps enhances the space, while professionally fitted solid wood worktops offer a beautiful and durable surface for meal preparation. Ample wall and base units ensure plenty of storage for kitchen essentials, making this galley practical for everyday use, whether you're preparing a quick snack or a gourmet meal.

The heart of the boat is the spacious lounge area, which has been thoughtfully designed for relaxation and socializing. The log-burning stove creates a warm, inviting atmosphere, making this space a cosy retreat on cooler days. A comfortable sofa provides ample seating for family and friends, and there's plenty of storage to keep the space clutter-free. Natural light floods in through the side hatch, which also offers additional ventilation on warmer days. The solid wood flooring adds a sense of timeless beauty and durability, giving the lounge an earthy, rustic feel that complements the boat's traditional charm.

The large boatman's cabin is a versatile space with so much potential. Featuring its own log-burning stove and RCD switch, this cabin can easily be transformed into a cosy bedroom, a home office, or simply used as additional storage. With plenty of room to personalize and adapt the space to your lifestyle, this cabin is a real gem, offering flexibility and comfort in equal measure.

The master bedroom offers a peaceful retreat with a comfortable double bed that includes ample storage beneath. A side hatch provides lovely views of the surrounding canal scenery, along with a gentle breeze on warmer days. This room is a serene and quiet space, perfect for a restful night's sleep after a day of cruising or exploring.

The bathroom is designed with functionality and comfort in mind. Featuring essential amenities, it offers a practical space that suits everyday living on the water. Whether you're freshening up after a day on the canals or preparing for a night out, this bathroom is well-appointed and ensures your needs are met while living aboard Eagle.

Eagle is not just a narrowboat; it's a home. With its spacious layout, high-quality fittings, and versatile living spaces, this boat offers the perfect blend of tradition and modern comfort for life on the water.
